

### **Behavior Policy**

Grange students are expected to demonstrate excellent behavior at all times. The Board of Education Policy #5550 is clear in its expectations for student behavior. The policy states that every student enrolled in a Baltimore County public school is responsible for appropriate behavior as outlined in the Student Handbook. Copies of the *Student Handbook* and elementary *Sexual Harassment In Schools* brochure will be given to students by the second week of school following a comprehensive orientation by an administrator and/or guidance counselor. Please sign the Acknowledgement form verifying that you received the handbook and return it to your child's teacher.
