

### **Bicycle/Skateboard Policy**

For the safety of our students, riding bikes and skateboards to school is discouraged. However, students in grade five **ONLY** will be permitted to ride bicycles to school. A letter of request must be written to the principal by the parent. Riding skateboards to school will not be permitted. The heavily traveled streets and alleys in our school community dictate this school rule. A bicycle storage rack is located next to the parking lot. A suitable lock should be used to secure the bike. The school cannot assume any liability for loss or damage to bicycles. Appropriate safety gear should be worn including a helmet.
