

Message from Principal Jill Bordenick

Halethorpe Elementary School is a community of teachers, students, administrators, families, and support staff dedicated to providing a caring, safe, nurturing, and intellectually stimulating environment, where students are challenged to maximize their unique potential to become lifelong learners and responsible students.

Our mission is in support of the Baltimore County Public Schools' goals that are identified in the *Blueprint for Progress*:

To improve achievement for all students
To maintain a safe and orderly
learning environment in every school
To use resources effectively and efficiently

Halethorpe Elementary School is proud of our highly qualified staff. Our staff is committed to effectively using resources in order to provide our students with a quality education. It is our intent to involve teachers, staff, parents, guardians, and community stakeholders in decision-making as part of the educational process for our students. Our goal is to help our students reach high standards that are set by the Baltimore County Public Schools and the state of Maryland.

Our focus for this school year will be to ensure that we are providing our students with engaging and interesting work on a daily basis that supports all students in learning. Our goal is to maximize achievement for all students by communicating closely with our parents and guardians to work together to support student learning.
