

# Website Favorites

The following page contains links to educational websites for parents along with some that you can use *with* your child. Baltimore County Public Schools and Kingsville Elementary School can not guarantee that these websites are completely accurate. We have, however, tried to make sure that there are no links to questionable material on the pages. Since we cannot check out every link on every page, we ask that you exercise your parental guidance if your children use these resources. These sites are provided as a convenience for you.
