

**TO ALL VOLUNTEERS
2007-2008**

Thank you for getting this year off to a great start! If you are already working in the school or are starting soon we need you to sign in at the office and pick up a volunteer badge whenever you are in the school. If you are volunteering at home or after school hours, please stop by the school and record your hours when you have the chance.

There are emergency forms located in the sign-in books and in this handbook, please fill one out and leave it with Mary Carroll in the office. If you ever need emergency care while at school we will know how to proceed.

When you are volunteering at school, please tell your child. If the nurse needs to contact you for any reason your child can let her know you're in the school.

When you sign in to volunteer please enter your name in the volunteer box in the office. Once a month we will have a drawing for a prize.

Thanks again for all your hard work on behalf of our children.
Volunteers make a world of difference.
