

A Twist on Technology

PRETZELS ARE BACK!

First of all, the technology team of Villa Cresta would like to thank everyone for their previous support of this program. We have been able to purchase more projectors, computers, and software in order to prepare the students of Villa Cresta for a technology advanced world.

Pretzels are off to a late start this school year because we have been searching for individually wrapped, ready to eat soft pretzels since the company we used last year went out of business. We are fortunate to have found a new company and are pleased to offer pretzels for the second quarter of the school year. Stop by and visit Mrs. Jones in the cafeteria Thursday evening during Family University for a free sample. Soft pretzels from *Glennco Foods* will be delivered on Tuesdays and Thursdays. Nutritional information is provided to the right. Children will be able to eat their pretzel as a snack in the classroom or for a snack during lunch.

All soft pretzel orders are taken in advance. Pre-order sales will be taken at the beginning of each marking period. Second marking period runs from November 6-January 28. For the low cost of \$10.00, your child will receive a pretzel every Tuesday and Thursday during the second quarter (a total of 20 soft pretzels). If you are interested in enhancing technology at VCE, please support this pretzel program by completing the tear-off below. Please make checks payable to Villa Cresta Tech Fund.

PLEASE DO NOT SEND CASH!

All preorders are due by November 3rd.

51% Whole Wheat
