

It is never too early to plan for high school and college.

We want to provide families with information they can use to help them plan .

Preparing for High School starts in Middle School www.bewhاتيwanttobe.com

Know what you need to be doing now in school!

Right now is your best chance to prepare for the career you want.
Don't wait!

Use this page to find out what you'll need to do ...

- * To have a strong high school transcript.
- * To get into college.
- * To get the job you want after high school.

What should YOU know about the High School Assessments?
The Maryland High School Assessments are tests in English, algebra, biology and government.

Beginning with the graduating class of 2009, Maryland students must pass the High School Assessments (HSAs) in order to graduate.

- * **IF YOU GRADUATE BEFORE 2009** ... you must take the HSAs, and your scores will be reported on your high school transcript.
- * Employers and colleges review transcripts **BEFORE** they will offer you a job or admit you to their school -- so you'll want them to see scores that reflect your best effort on the tests.

- * The best way to prepare for the HSAs is to keep on top of your school work...

REMEMBER!!!!

**Complete your classwork and homework assignments
Pay attention and ask questions during class, and
Study for tests and quizzes!**
